Hope Happenings:

News from Mrs. Mueller's Office

Welcome to our new families, and welcome back to our returning families! We are so glad you have chosen to be part of the Children of Hope family for the 2026-2027 school year.

A new school year always brings excitement and fresh energy to our campus. We can't wait to hear about everyone's summer adventures, see how much our returning friends have grown, and get to know all of our new friends. We are so excited for everything this school year has in store! We also know that transitions can sometimes be challenging, especially during the first few weeks, and we will be intentional about helping every child feel safe, loved, and comfortable as they settle into their new routines.

As many of you know, last May we experienced a flood in our lower building that caused significant damage. We had to take the building down to the studs and completely rebuild the interior. Our team has worked diligently all summer to restore everything, and we are excited to welcome you into beautiful, refreshed classrooms. Please give your teachers an extra pat on the back—they had very little time to get their classrooms ready before the first day, and they have done an incredible job! Thank you for your patience and understanding as we worked through this unexpected challenge. Here's hoping all the toilet supply lines stay securely in place this year!

We still have a few openings available in our **Owlet Room** and **Glider Room**. If you refer a friend who enrolls, you'll receive **\$100 off your September tuition**. Word of mouth is truly the best way to share this special place with other families, and we appreciate your support!

Please remember to email your child's most recent immunization record to childrenofhope@myesperanza.org or bring a copy with you on the first day of school. These records are required by the state. If you have any questions or concerns about this requirement, please don't hesitate to talk with me.

Finally, thank you. We know you have many choices when it comes to your child's preschool education, and we are truly grateful that you have chosen Children of Hope. We are looking forward to a year filled with learning, laughter, growth, and love. My door is always open (unless I'm out of the office!), so please stop by and say hello. We are honored to have you as part of the Children of Hope family.

Blessings,

Mrs. Mueller

Happy
Birthday!

How to choose a sunscreen

- **Use a sunscreen that says "broad-spectrum"** on the label; that means it will screen out both UVB and UVA rays.
 - **Use a broad-spectrum sunscreen with a sun protection factor (SPF) of at least 15 (up to SPF 50).** An SPF of 15 or 30 should be fine for most people. More research studies are needed to test if sunscreen with more than SPF 50 offers any extra protection.
 - **If possible, avoid the sunscreen ingredient oxybenzone** because of concerns about mild hormonal properties. Remember, though, that it's important to take steps to prevent [sunburn](#), so using any sunscreen is better than not using sunscreen at all.
 - **For sensitive areas of the body**, such as the nose, cheeks, tops of the ears and shoulders, choose a sunscreen with zinc oxide or titanium dioxide. These products may stay visible on the skin even after you rub them in, and some come in fun colors that children enjoy.
-

Please make drop off and pick up times with your child

NO CELL PHONE ZONES 😊

SMOKE-FREE ENVIRONMENT

We at **Children of Hope Child Development Center** are committed to providing a smoke-free environment for children, staff members, and childcare providers. Due to hazards from exposure to second-hand smoke and as a recognized Empower childcare facility, it shall be the policy of this childcare facility to provide a tobacco-free environment for children, staff members, childcare providers, and parents.
